

# Climate Change

# Climate Change

Long-term  
alternation of  
temperature and  
typical weather  
patterns in a place

# Table of Contents

## Causes of Climate Change

What is the source of the problem

## Effects of Climate Change

What are the consequence of climate change

## Summary of our project

How a song can save the world

1

# Causes of Climate Change

What is the source of the problem

# Causes of Climate Change

## Waste

Plastic Bags  
Straws

## Deforestation

Land  
Paper

## Agriculture

Cows  
Fertilisers

## Industry

Transportation  
Fossil Fuels

# 8,000,00

Tonnes of plastic enters our ocean each year

# Agriculture

**250–500**

A single cow produces this much litres of methane a day

**184.4**

Million tonnes of fertiliser was used in 2020

# Industry

**Carbon emissions  
from cars**

# Deforestation – How much area of forests are we losing a year?

**2018**

120,000

**2019**

119,000

**2020**

258,000

2

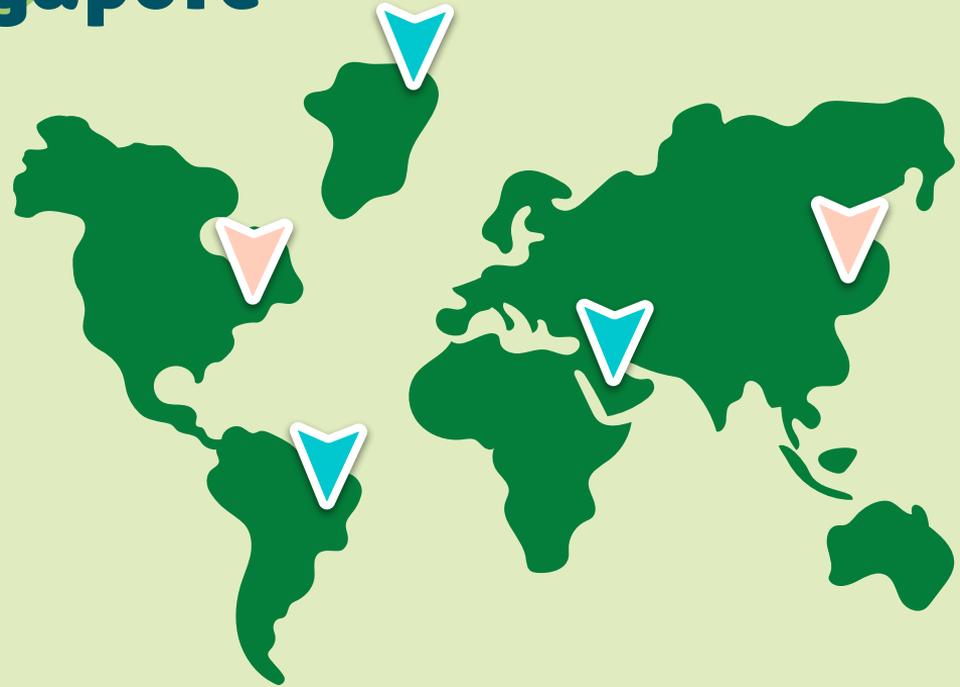

# Effects of Climate Change

What are the consequences of climate change

# Impacts on Singapore

Singapore is a very small country

The effects on us is much larger than countries like USA or China

# Consequences

	<b>Sea level Rise</b>	Warmer temperatures cause the glaciers at the north and south pole to melt
	<b>Extreme Weather Conditions</b>	Extreme weather conditions are growing more unpredictable
	<b>Increased Precipitation</b>	Higher temperatures increase evaporation of ocean water, intensifying downpours
	<b>Risks To The Nature</b>	Wildfires caused by climate change could result in the burning of forests, which can cause wildlife to decrease

# Summary of our project

How a song can save the world

# Save my world Song

Our inspiration in this project

# Why a song?

Song is an art, and it  
inspires many

Art is able to connect  
with a large audience  
and effectively delivers  
the message to others

“The aim of art is to represent not the outward appearance of things, but their inward significance”

– **Aristotle,**  
**a greek philoshper**

# Conclusion

# Thank You!

Do you have any questions?

**Why a song?**

# Recommendations

## Eco Light

Despite being red, Mars is actually a cold place

## Bio Fruits

Jupiter is a gas giant and the biggest planet

## No Plastic

Saturn is composed of hydrogen and helium

# Also Save the Animals

## In Oceans

Mercury is the closest planet to the Sun in the Solar System

## In Forests

It has a beautiful name and is the second planet from the Sun

# Tips for Save the planet

## Mercury

It's the closest planet to the Sun

## Venus

Venus is the second planet from the Sun

## Mars

Mars is actually a cold place, not hot

## Jupiter

It's the biggest planet of all them

## Saturn

It's composed of hydrogen and helium

## Neptune

It's the farthest planet from the Sun

## To do Volunteering Works...

A picture always reinforces the concept: Images reveal large amounts of data, so remember, use an image instead of texts

# Principal Recycling

## Paper/ Cardboard

It's the farthest planet from the Sun

65%

## Glass

It's the closest planet to the Sun

20%

## Plastic

Mars is a cold place, not hot

80%

# Percentages

+30%

Venus has a beautiful name and is the second planet

+70%

Mercury is the closest planet to the Sun in the Solar System

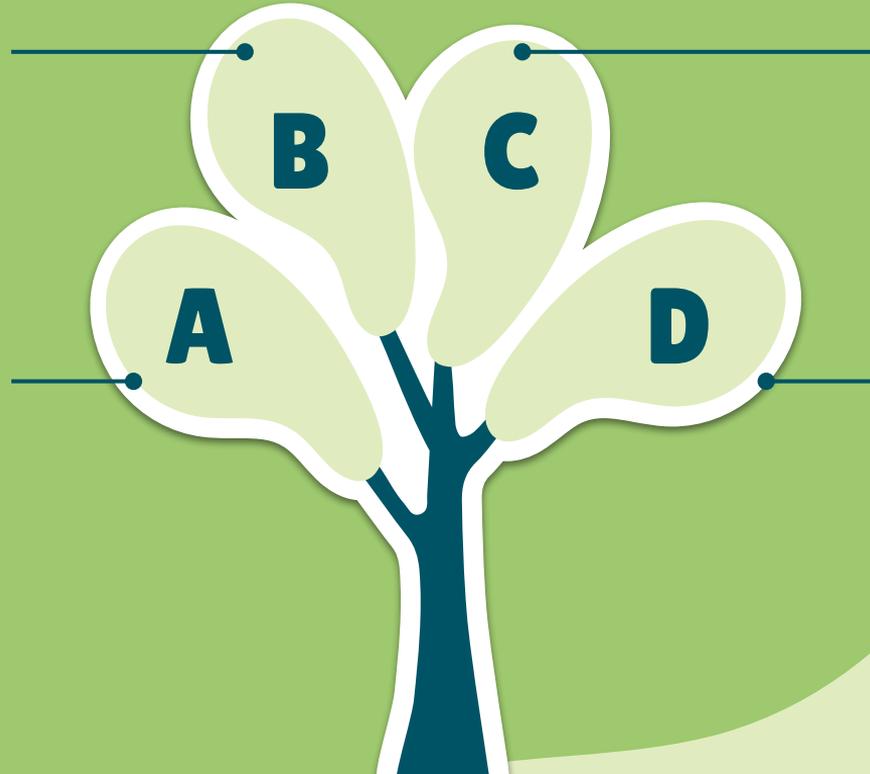

# Green Tree of Features

## Mercury

Mercury is the closest planet to the Sun and smallest one

## Venus

It has a beautiful name and is the second planet from the Sun

## Mars

Mars is actually a cold place. This planet is full of iron oxide dust

## Jupiter

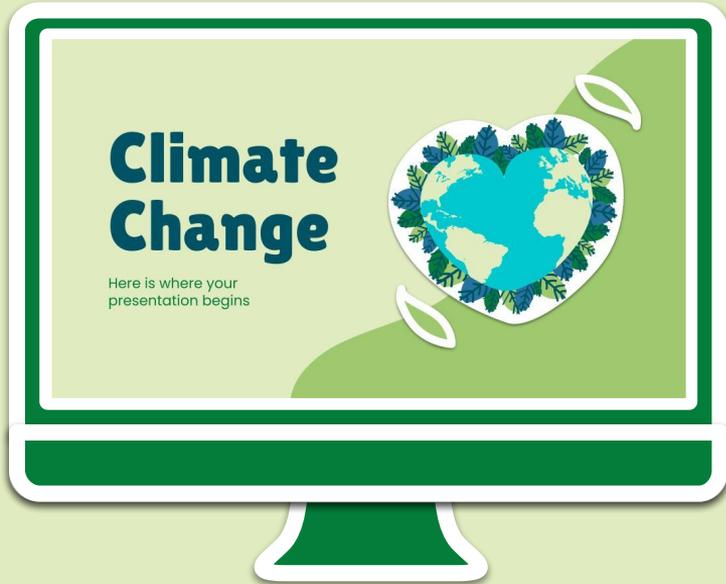

Jupiter is a gas giant and the biggest planet in the Solar System

# Sustainable Features Matrix

**Think  
Green**

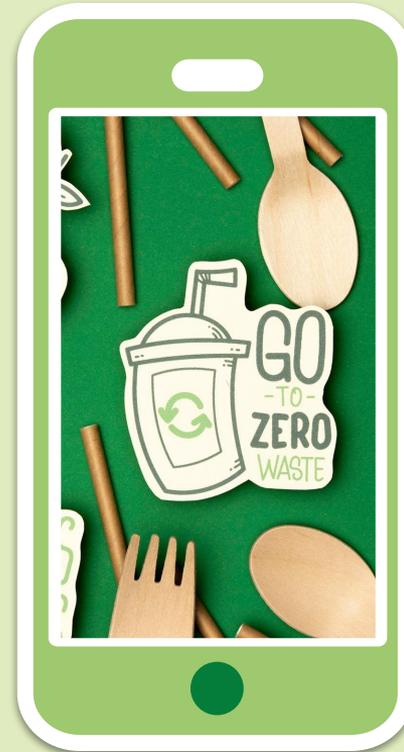

# Green Technology.1

You can replace the image on the screen with your own work. Just delete this one and add yours

# Green Technology.2

You can replace the image on the screen with your own work. Just delete this one and add yours

# Our Eco Team

**Mr. Ground**

Despite being red, Mars is actually a cold place

**Mr. Water**

Jupiter is a gas giant and the biggest planet

**Mrs. Air**

Saturn is composed of hydrogen and helium

# Alternative Resources

# Resources of this presentation

Did you like the resources on this template? Get them for free at our other websites

## Vectors:

- Save the earth hand drawn ecology badges
- Hand drawn ecology badges and stickers
- Hand drawn ecology badges pack
- Hand drawn ecology badges with tree and whale
- Hand drawn ecology badges
- Hand drawn ecology badges collection
- Mother earth day stickers collection
- Hand drawn ecology badges
- Drawing of ecology badges collection
- Business growth concept with plants and graph

## Photos:

- Group of people holding nameplate in hands
- Empty plastic water bottles and plastic bag on sand
- Close-up of tree trunks covered in snow
- Close-up cows walking on dirt road
- Crane over building
- Eco friendly recycling concept
- Group of volunteers collecting garbage
