

Psychological First Aid (PFA) in Groups

What you will learn

Gain practical skills to provide emotional support in group settings after crises. Learn through role plays and scenarios to facilitate safe, inclusive sessions that build resilience and empathy.

Understand Group PFA

Explain the purpose, scope, and appropriate use of Psychological First Aid in group settings.

Assess Group Needs

Identify psychosocial needs, risks, and protective factors affecting groups after a crisis.

Facilitate Group Support

Apply the Look-Listen-Link framework to plan and lead supportive group PFA sessions.
